TMC Institute in Tashkent

окт. 2023 - май 2026

## Достижения

Hello there. When it comes to English teacher, my journey starts in 2021 with the good fundamentals. I got 6.0 in the end of 2022. From that year I started working as a teacher assistant. Many students got 6+ score. In 2023 I entered the TMC Institute in Tashkent, and now I am 2 course. It was the best practice for my all ielts skills. Because at institute all teachers are native speakers.

**My future plans:** are retake ielts, actually update to 8+ and share my best practices with students to overcome their fear of taking ielts or fear of speaking test. When it comes to my own education I want to make 2+2 program to Singapore.
